

Colleyville Christian School

Core Values

- We are a Christian School and as such, we follow the teachings of the Bible as our primary core values and we teach the children about the Bible and Jesus' works daily.
- We continuously strive to help every child reach their maximum potential by teaching strong academic and Bible based curriculums in a wide array of basic and often unique subjects - taught by a highly qualified and trained staff. Hence our mission statement: "Academic Excellence in Christian Education".
- Every child will be given positive reinforcement to strengthen their development as positive, confident young people.
- We will ensure that every child who enters our program will grow from an academic, spiritual, physical and social perspective. Our mission is to cultivate these children far more than what they would receive from of any other program.
- We will provide a safe and loving environment for the children where continuous learning and FUN occurs every day.
- We will keep our student-teacher ratios lower than required by law in order to assure individualized teaching for each child.
- We highly appreciate everyone (the children, their parents, and our staff) and treat everyone with the upmost of respect.
